

ROMAGO

ROMAGO DESIGN

ROMAGO Design is a brand from Swiss, witnessed by the patented 45° auto-active light-on function as the main feature of this outstanding brand. The watch is fitted with the new auto active movement with a built-in sensor as the mirror disappears when the wrist moves 45° inwards. The main focus this year is our new Superleggera series.

The reason of existence is delicate to the tradition time precise interpretation. Romago Swiss is entirely SWISS MADE, as you worn on it the watch will no longer be a timing tool, but the highlights of the identity that equivalent to your name card on your wrist.
