Compass Wristwatch

The Germany Red Dot Design Award product Compass wristwatch is something that will not only appeal to sport fans.

The watch is particularly suitable for outdoor life as it is shatterproof and watertight. The red second hand has two functions: as a compass needle it points north and as a second hand it shows the precise time in seconds. The colour accents of the hour and minute hands make them stand out from the black face and leather strap so that they are easy to read. A silver-coloured case completes the appearance of the practical sports accessory.
