

WIZE & OPE

wize&ope®

Come meet the team. Wize comes from another planet. A big fan of the nations and cultures of Earth, he travels the globe to seek out artistic trends and meet new people and tribes. Wize can also adapt and transform his look and behaviour to melt into the scene, and he then becomes "ope" for "open minded". Adopting the same philosophy, Wize timepieces show their love for the world in a very special way.
