Consumers can take the opportunity to appreciate new and fine watches, interact with exhibitors and designers to hear their brand stories. In addition, visitors are welcome to attend watch parades and forums, workshops, lucky draws and smart bidding sessions, as well as purchase watches through exclusive retail sales.

Salon de TE is jointly organised by the Hong Kong Trade Development Council, Hong Kong Watch Manufacturers Association Ltd and The Federation of Hong Kong Watch Trades & Industries Ltd.

WATCH THIS LINE UP

The pinnacle of watchmaking is on view at World Brand Piazza, one of the themed zones at Salon de TE dedicated to the world's most prestigious watch brands.

This year, Blancpain, Breguet, Chopard, CORUM, CVSTOS, FRANCK MULLER, Glashütte Original, Hublot, Jacob & Co., PARMIGIANI FLEURIER, Piaget and SARCAR Genève are gathered at World Brand Piazza to present their latest creations, limited editions and signature models.

All of the watches on display are a showcase of extraordinary craftsmanship, technical ingenuity, gem-setting artistry and exquisite beauty. It is these attributes that make fine watchmaking a form of art that has captivated people for hundreds of years and will continue to be appreciated long into the future.

BLANCPAIN MANUFACTURE DE HAUTE HORLOGERIE

BLANCPAIN

Founded in 1735 by Jehan-Jacques Blancpain in the Swiss Jura, Blancpain is known to be the watchmaking brand with the longest history in the world. Loyal to its tradition of innovation and confirmed by countless horological complications invented over the years, the Manufacture is constantly pushing the boundaries of watchmaking to enhance its timepieces. Blancpain is distinguished by its capacity to develop exceptional timepieces, which are the results of its watchmakers' creativity and passion. Blancpain preserves its heritage of precision and elegance, while also displaying an innovative and occasionally provocative spirit, including the classic Villeret, the legendary Fifty Fathoms and the delicate Women models.

BREGUET

Breguet is not only a brand embodying supreme horological art, but also a part of history – loyal fans included Louis XVI and his queen, Marie Antoinette. Since 1775, timepieces emerging from the workshops of Breguet have been rendered unique by each artisan's hand, endowed with genuine soul and brimming with emotion.

Chopard

CHOPARD

Founded in 1860 by Louis-Ulysse Chopard, Chopard is an internationally renowned Swiss luxury watch and jewellery brand. Acclaimed by world-renowned celebrities, Chopard is highly recognised for its High Jewellery creations and fine watchmaking and manufacture expertise. Its iconic collections include "L.U.C", "Happy Diamonds", "Happy Sport" and "Mille Miglia". According to two of its fundamental values, respect and social responsibility, Chopard is strongly committed to ethical work and various philanthropic organisations. Chopard announced to use 100% ethical gold in its jewellery and watch creations from July 2018 onwards, which is a pioneer in the industry. Chopard is also a faithful partner of the Cannes Film Festival and classic racing events, such as the Mille Miglia in Italy and the Grand Prix de Monaco Historique.

CORUM

Founded in 1955 in La Chaux-de-Fonds, Switzerland, CORUM has made creativity and daring its guiding principles. The five key pillars of CORUM include: Golden Bridge, Admiral, Bubble, Heritage and Lab Collections.

CVSTOS

CVSTOS

In the elite world of Swiss Haute Horlogerie, there are some brands that instantly make an impact, leaving connoisseurs speechless. CVSTOS is one such brand. Ever since its launch in 2005, CVSTOS, with its distinctive hi-tech approach to exclusive watchmaking, has boldly risen to the challenge of creating a pioneering style and a new market demand. Taken directly from the Latin for "guardian", the name CVSTOS was freely inspired by the boundless creativity of an exceptional team of complementary talents, each one fired by a burning passion to produce one-of-a-kind timepieces.

GENEVE

FRANCK MULLER

The Swiss watch manufacturer FRANCK MULLER has been dazzling the world with major technical advances in the history of Haute Horlogerie. Distinguished by its groundbreaking innovations through its heritage trademark, every collection embodies the very essence of FRANCK MULLER and reinforces its highly acclaimed title as the "Master of Complications".

Glashütte ORIGINAL

GLASHÜTTE ORIGINAL

Glashütte Original upholds the values of authentic manufacture production and can look back on an uninterrupted history that began in 1845. Located in the Saxon town of Glashütte, the manufacture brings traditional craftsmanship and innovative technologies together under one roof. The tradition-rich brand produces up to 95 per cent of all movement components as well as the filigree dials in-house, and represents the German art of watchmaking at its best.

₩ HUBLOT

HUBLOT

Founded in Switzerland in 1980, Hublot is defined by its innovative concept, which began with the highly original combination of gold and rubber. This "Art of Fusion" stems from the imagination of its visionary Chairman, Jean-Claude Biver, and has been driven forward by CEO Ricardo Guadalupe. The release of the iconic, multi-award-winning Big Bang in 2005 paved the way for new flagship collections (Spirit of Big Bang, Square Bang), with complications ranging from the simple to the highly sophisticated, establishing the extraordinary DNA of the Swiss watchmaking house and ensuring its impressive growth. Keen to preserve its traditional and cutting-edge expertise, and guided by its philosophy to "Be First, Unique and Different", the Swiss watchmaker is consistently ahead of the curve, through its innovations in materials (scratch-resistant Magic Gold, ceramics in vibrant colours, sapphire), and the creation of manufacture movements (Unico, Meca-10, Tourbillon).

JACOB & CO.

Founded by Jacob Arabo in 1986, Jacob & Co. creates revolutionary timepieces and exquisite jewellery that have captivated celebrities and notables from the watchmaking world and dazzled on fashion's red carpets and cover shoots. With a unique talent for creating designs that are as innovative as they are spectacular, the company has grown into one of the most recognised luxury brands in timepieces and jewellery. At the heart of the company is the passion, drive and creative force of Mr. Arabo. With a respect for traditional craftsmanship and artistry and an ability to envision and realise exquisite jewellery and unique timepieces, he makes the truly extraordinary a reality through the alchemy of edge and elegance.

PARMIGIANI FLEURIER

PARMIGIANI FLEURIER

The Haute Horlogerie watchmaking brand PARMIGIANI FLEURIER was founded in 1996 in Fleurier, Switzerland. With its own watchmaking centre ensuring its independence, the brand has both full control over the production process and unique creative freedom.

PIAGET

PIAGET

Piaget epitomises daring creativity – a quality that has continued to permeate through the Maison since its beginnings in 1874. From his first workshop in La Côte-aux-Fées, Georges-Edouard Piaget devoted himself to crafting high-precision movements in a feat that formed the very foundations of our pioneering name. In the late 1950s, Piaget unveiled the ultra-thin movements that would later become the Maison's trademark and the cornerstone of the Altiplano collection. As a true innovator of the watch and jewellery world, Piaget strongly believed in creativity and artistic values. It is within the walls of our "Ateliers de l'Extraordinaire" where master artisans continue to harness rare skills that have been preserved and perfected from generation to generation, transforming gold, stones and precious gems into dazzling works of art. Through its pursuit of masterful craftsmanship, the Maison has created emblems of daring excellence channeled into its collections including Altiplano, Piaget Polo, Limelight Gala, Possession, Piaget Sunlight, Piaget Rose and Extremely Piaget.

SARCAR GENÈVE

Synonymous with Swiss tradition in the art of watchmaking, the Haute Horlogerie brand SARCAR Genève is renowned for its innovations and master-craftsmanship. Inspired by the galaxy and the universe, its unique rotating element has, till today, surpassed all challenges.
